

STEPS WE ARE TAKING TO ENSURE A SAFE ATMOSPHERE DURING COVID-19

- **Practicing Proper Social Distancing**
 - Following the two meter rule by taping off areas so patrons know how far away to stand from staff and other customers
 - Allowing only a few customers in the store at a time
 - Having a separate waiting area for delivery drivers
- **Sanitation**
 - Staff are continuously wiping down and disinfecting all contact surfaces throughout the store
 - Encouraging the use of contactless payments for transactions
- **Commercial Grade Disinfecting**
 - We outsource an after hours industrial cleaning service to disinfect the entire store and products within it. Sprayers and foggers assure 100% surface coverage killing 99.99% of bacteria and viruses including Covid-19
 - This Hospital grade disinfectant is EPA and Health Canada registered

THE SAFETY OF OUR STAFF & PATRONS IS OUR
TOP PRIORITY AS WE TAKE THESE PRECAUTIONS
